

Do you know it is possible to rent The whole of the Gallery of Horyuji Treasures of Tokyo National Museum ?

The rental fee of one day and the whole of the Gallery should be about ¥1,000,000 JPY but, the rental fee changes depending on time and the area. Shorter time and smaller area must be cheaper than ¥1,000,000.

European well known fashion brands used this space already to plan some their events.

Some cocktail parties were done in the entry hall and the terrace.
